

Don't stop now... continue on your journey to Fellowship

The premier qualification for those
working in the insurance industry

ROUTE OF COLUMBUS - FIRST VOYAGE

If you are a holder of the CII's Advanced Diploma in Insurance, you have already demonstrated significant staying power and commitment. So why not take your journey to its conclusion by progressing to Fellowship of the CII?

Universally regarded as the premier qualification for those working in our industry, Fellowship accreditation demonstrates your knowledge, experience and professionalism to the world.

The fellowship programme offers flexibility by providing various routes to gaining Fellowship, making it convenient to fit into your working life.

Here is what it takes:

- Enrolling on the Fellowship Programme and completing a Fellowship Plan
- Completing the Business Ethics Programme (BEP)
- Showing evidence of a major achievement, which can be one of the following:

- a 3–5,000 word dissertation.
- a further professional qualification.
- a report on a work-based project.
- a portfolio of published works.
- Providing evidence of three years Continuing Professional Development (CPD)
- Producing a 1000 word summary of the learning and development you have gained throughout your progression to Fellowship and how your future in the industry will be helped by what you have achieved.

If you are interested in progression to Fellowship and would like a detailed overview of the Fellowship Programme, details can be found on the CII website at www.cii.co.uk/fellowship
