

# Our course programme

Conceived and developed following consultation with insurance brokers, Broker Training delivers a mix of targeted technical, business and soft skills courses at 15 locations across the UK.

Providing a stimulating and rewarding learning environment to sharpen skills and enhance career potential, courses are suitable for both brokers and the wider insurance community, including those working in underwriting, claims, customer service, compliance and IT support roles.

Our courses are delivered by leading market practitioners who share first-hand experience of the issues facing today's insurance professionals across a variety of disciplines, including:

- General insurance
- Marine insurance
- Liability insurance
- Motor insurance
- Property insurance
- Specialist insurance
- Business and soft skills

Course dates are listed in this programme and are added to throughout the year to meet changing requirements. For full availability, visit: [www.cii.co.uk/brokertraining](http://www.cii.co.uk/brokertraining)

## Continuing Professional Development

For CII qualified members, attending a Broker Training course counts towards the 35 hour annual Continuing Professional Development (CPD) requirement, with a day's training providing up to 6 hours CPD.

You'll find the CPD icon and associated number of hours listed alongside each course throughout this programme.
