

- 47.** Tony owns an electrical shop and is arranging insurance with a new insurer. His shop is of non-standard construction and is protected by a central station alarm. He has had two burglaries in the last 12 months. Police have warned that the theft of LED televisions has increased substantially in recent months. Which of these facts does Tony **NOT** need to disclose to the new insurer?
- A.** The construction of the premises.
 - B.** The type of stock sold.
 - C.** The presence of the central station alarm.
 - D.** The two previous burglaries.

Key Option: C

Learning Outcome: 7.6
