Reading list

The following list provides details of various publications which may assist you with your studies.

Note: The examination will test the syllabus alone. However, it is important to read additional sources as 10% of the exam mark is allocated for evidence of further reading and the use of relevant examples.

The reading list is provided for guidance only and is not in itself the subject of the examination.

The publications will help candidates keep up-to-date with developments and will provide a wider coverage of syllabus topics.

CII/PFS members can borrow most of the additional study materials below from Knowledge Services. CII study texts can be consulted from within the library.

New materials are added frequently - for information about new releases and lending service, please go to www.cii.co.uk/knowledge or email knowledge@cii.co.uk.
