

35. A recently completed high-rise office building leaks when it rains. The estimated cost of repair exceeds several million pounds. Several contractors and sub-contractors are contacted by the developer's insurers seeking to recover those cost, none of whom will admit liability. To avoid a costly and complex trial the insurer may suggest resolving the issue by
- A. adjudication.
 - B. arbitration.
 - C. mediation.
 - D. subrogation.

Key option: C

Learning outcome: 3.11
