

Award in General Insurance (Hong Kong)

Objective

At the end of this unit, candidates should be able to understand, in the context of the Hong Kong insurance market, the:

- basic principles of insurance;
- main legal principles related to insurance contracts;
- main regulatory principles related to insurance business;
- key elements of consumer protection.

Summary of learning outcomes	Number of questions in the examination*
1. Understand the nature and main features of risk and insurance.	20
2. Know the structure and main features of the Hong Kong insurance market.	11
3. Know the main functions of insurance professionals.	11
4. Understand the main legal principles governing insurance contracts.	42
5. Understand the main regulatory and legal principles applicable to the transaction of insurance business in Hong Kong.	14
6. Know key aspects of ethics, corporate governance and internal controls.	2

* The test specification has an in-built element of flexibility. It is designed to be used as a guide for study and is not a statement of actual number of questions that will appear in every exam. However, the number of questions testing each learning outcome will generally be within the range plus or minus 2 of the number indicated.
