

Advanced risk financing and transfer

Purpose

To enable candidates to understand the role that risk financing and risk transfer play in risk management.

Target Candidate

Insurance, broking and risk staff who wish to understand the range of options an organisation may have in dealing with the financing of risk.

Assumed Knowledge

It is assumed that the candidate already has grounding in insurance gained from study of IF1 Insurance, legal and regulatory and M92 Insurance business and finance or equivalent examinations.

Summary of learning outcomes

- | | |
|----|---|
| 1. | Evaluate the role that risk financing and risk transfer play in risk management |
| 2. | Evaluate the use of unfunded risk financing mechanisms |
| 3. | Evaluate the use of funded risk financing mechanisms |
| 4. | Evaluate the use of conventional pre-loss risk transfer mechanisms |
| 5. | Evaluate the use of non-conventional pre-loss risk transfer mechanisms |
| 6. | Evaluate the use of post-loss risk transfer mechanisms |

Important notes

- Method of assessment: Coursework – 3 online assignments (80 marks). Each assignment must be individually passed.
- The syllabus is examined on English law and practice unless otherwise stated.
- Candidates should refer to the CII website for the latest information on changes to law and practice and when they will be examined:
 1. Visit www.cii.co.uk/qualifications
 2. Select the appropriate qualification
 3. Select your unit from the list provided
 4. Select qualification update on the right hand side of the page

1. Evaluate the role that risk financing and risk transfer play in risk management

- 1.1 Evaluate the differences between risk financing and risk transfer within the risk management process.
- 1.2 Discuss the development of alternative risk transfer and the drivers for alternative risk transfer.
- 1.3 Discuss the role of the risk manager and other key staff in designing and implementing risk financing and risk transfer strategies.
- 1.4 Explain the range of risk financing and risk transfer mechanisms that are available.
- 1.5 Discuss the impact of risk appetite on risk financing and risk transfer strategies.

2. Evaluate the use of unfunded risk financing mechanisms

- 2.1 Discuss the use of cash flow and unallocated reserves to finance losses.
- 2.2 Discuss the use of deductibles and self-insurance programmes to finance retained risk.
- 2.3 Evaluate the advantages and disadvantages of unfunded risk finance.
- 2.4 Discuss the legal and fiscal implications of unfunded risk finance mechanisms.

3. Evaluate the use of funded risk financing mechanisms

- 3.1 Discuss the use of allocated reserves, captives, mutual funds and debt as mechanisms to fund losses.
- 3.2 Evaluate the advantages and disadvantages of allocated reserves, captives, mutual funds and debt as mechanisms to fund losses.
- 3.3 Discuss the legal and fiscal implications of funded risk finance mechanisms.

4. Evaluate the use of conventional pre-loss risk transfer mechanisms

- 4.1 Discuss the role of conventional pre-loss risk transfer mechanisms.
- 4.2 Discuss the range of conventional pre-loss risk transfer mechanisms available.
- 4.3 Evaluate the advantages and disadvantages of conventional pre-loss risk transfer mechanisms.
- 4.4 Discuss the legal and fiscal implications of conventional pre-loss risk transfer mechanisms.

5. Evaluate the use of non-conventional pre-loss risk transfer mechanisms

- 5.1 Discuss the role of non-conventional pre-loss risk transfer mechanisms.
- 5.2 Discuss the range of non-conventional pre-loss risk transfer mechanisms.
- 5.3 Evaluate the advantages and disadvantages of non-conventional pre-loss risk transfer mechanisms.
- 5.4 Discuss the legal and fiscal implications of non-conventional pre-loss risk transfer mechanisms including the systemic implication of the use of derivatives.

6. Evaluate the use of post-loss risk transfer mechanisms

- 6.1 Discuss the role of post-loss risk transfer mechanisms.
- 6.2 Discuss the use of equity placings and rights issues as risk transfer mechanisms.
- 6.3 Discuss the use of retro finite insurance and reinsurance as a risk transfer mechanism.
- 6.4 Evaluate the advantages and disadvantages of post-loss risk transfer mechanisms.

Reading list

The following list provides details of various publications which may assist you with your studies.

Note: The examination will test the syllabus alone. However, it is important to read additional sources as 10% of the exam mark is allocated for evidence of further reading and/or the use of relevant examples.

The reading list is provided for guidance only and is not in itself the subject of the examination.

The publications listed here provide a wider coverage of syllabus topics.
