# Advanced Diploma in Financial Planning Practice Test 7

**Unit AF5 – Financial planning process** 

2023-2024 Revision Aid Based on March 2021 examination

SPECIAL NOTICES

These revision questions have been put together by an experienced trainer to provide a prompt for exam practice. However, please ensure that you bear in mind any changes to law, tax and practice that may have taken place since publication or update.

Practice in answering the questions is highly desirable and should be considered a critical part of a properly planned programme of examination preparation.

### Useful tips as you prepare for the AF5 exam

- **1.** Schedule sufficient revision time to use your notes and learning and support materials to refresh your learning and consider how what you have learned applies to the case studies.
- **2.** Familiarise yourself with the format and the navigation options navigation of an onscreen written exam:

#### **Familiarisation Test**

The familiarisation test:

- Allows you to experience using the assessment platform before your exam.
- Is for the purpose of familiarisation with the assessment platform only.
- Is designed to allow you to go through the end-to-end process from logging in to answering test questions, before the day of your exam.

Please note, although the familiarisation test is modelled on AF1, the example is relevant for every candidate preparing to sit on-screen written exams by remote invigilation. Whilst there might be slight differences in layout, it will make you familiar with the platform.

Follow these instructions to take the Familiarisation Test.

- Click <u>here</u> to access the Familiarisation Test.
- Once the test is open, click 'start'.
- Explore the platform to practice navigation and general functionality.

We strongly advise that you try the familiarisation test once you have received your login details and well in advance of the actual exam day to help pre-empt any potential exam day technical issues.

If completing your exam via remote invigilation, you are strongly advised **NOT** to use a laptop provided by your employer.

- Laptops and IT equipment provided by your employer typically include security protocols that conflict with any remote invigilation software.
- You should also **AVOID** using a corporate Wi-Fi or any other internet connection that may include firewalls that you cannot personally control.
- **3.** Visit the <u>Assessment Information Before the exam</u> area of the CII website, which has important further practical information and support.
- 4. Prepare exam technique using the support of the Exam Guides on the AF5 unit page <u>https://shop.ciigroup.org/financial-planning-process-af5-af5.html</u> which include examiner guidance and time-saving tips such as abbreviations.

Harry and Pauline retired when Harry reached his 65<sup>th</sup> birthday and have always managed their finances themselves.

Harry suffered a heart attack recently but is expected to make a good recovery. Harry wishes to review their finances to ensure that they are making best use of their assets. Harry and Pauline have appointed you to look at their financial affairs and provide advice on how they might improve their current financial position.

In addition to their State Pension income, Harry receives monthly income from his self-invested personal pension (SIPP) and his defined benefit pension. Pauline also receives income from her annuity.

Pauline's savings interest is derived from her cash accounts as well as from the income from her UK Corporate Bond fund ISA.

Harry's dividend income is derived from both his ISA and Non-ISA holdings.

#### Notes:

Harry and Pauline's home is mortgage-free and owned as joint tenants.

Harry and Pauline have used their ISA allowance for the current Tax Year.

Harry has built up a portfolio of individual equities over a number of years. Some of these equities are showing large capital gains. These are all held in certificated form and following his recent heart attack, Harry is now finding these difficult to manage from an administrative point of view. He has asked you to advise him on the ongoing suitability of these shareholdings and how they can be managed more efficiently. The equities are invested in a large number of both UK blue chip, mid cap and smaller companies. The dividend income is paid out to Harry from these shareholdings.

Harry also holds an Investment Trust which was originally purchased in 2001. This had an original purchase cost of £40,000. Harry has noticed that this Investment Trust is currently trading at a premium to Net Asset Value.

Harry and Pauline have a Joint Life Last Survivor Whole of Life policy on a reviewable basis that was set up in 2011. This is due for a premium review in May 2024 and they are aware that the premium is likely to increase significantly at this point.

They have asked you to advise them on the continuing suitability of this policy for their needs.

Harry has a SIPP from which he draws a regular income of £3,000 (gross) per month via Flexi-Access Drawdown to supplement his and Pauline's retirement income needs. Harry is concerned about the long-term sustainability of the SIPP as the growth on the plan has been poor over the past few years. Harry would like to review his income options in respect of his SIPP.

Harry has completed a nomination of beneficiary for the SIPP in favour of Pauline.

#### PART 13: ATTITUDE TO RISK

#### What level of risk are you prepared to take to achieve your financial objectives?

#### Notes:

Harry and Pauline have completed a full risk-profiling assessment. They have both been identified as medium-risk investors. Harry previously considered himself to be an adventurous investor, but he is no longer comfortable with very high levels of risk following his recent health problems.

Based on their assets and their guaranteed sources of income, Harry and Pauline have a high capacity for loss.

Harry and Pauline have advised you that they are not concerned about ethical investing.

**Unit AF5 – Financial planning process** 

#### **SPECIAL NOTICES**

All questions in this paper are based on English law and practice applicable in the tax year 2023/2024, unless stated otherwise and should be answered accordingly.

It should be assumed that all individuals are domiciled and resident in the UK unless otherwise stated.

## Unit AF5 – Financial planning process

#### Instructions to candidates

#### **Read the instructions below before answering any questions**

- Three hours are allowed for this paper which carries a total of 160 marks.
- You are strongly advised to attempt **all** tasks to gain maximum possible marks. The number of marks allocated to each task is given next to the task and you should spend your time in accordance with that allocation.
- In this examination you should use the fresh copy of the fact-find provided. You are not allowed to bring into the examination the pre-released copy of the fact-find.
- Client objectives are provided overleaf, and you should read them carefully before attempting the tasks.
- Read carefully all tasks and information provided before starting to answer.
- You may find it helpful in some places to make rough notes in the answer booklet. If you do this, you should cross through these notes before you hand in the booklet.
- It is important to show all steps in a calculation, even if you have used a calculator.
- If you use a calculator, it must be a silent, battery or solar-powered, non-programmable calculator. The use of electronic equipment capable of being programmed to hold alphabetic or numerical data and/or formulae is prohibited. You may use a financial or scientific calculator, provided it meets these requirements.
- Tax tables are permitted to be used.
- Answer each task on a new page and leave six lines blank after each task.

Subject to providing sufficient detail you are advised to be as brief and concise as possible, using note format and short sentences on separate lines wherever possible.

#### **CLIENTS' FINANCIAL OBJECTIVES**

You have now been able to determine from the information in the fact-find that your clients have the following financial objectives:

#### Immediate objectives

- To review Harry and Pauline's current pension arrangements.
- To consider any financial implications resulting from Harry's recent heart attack.
- To review the suitability and tax-efficiency of their current financial arrangements.

#### Additional Stamp Duty Land Tax (SDLT) rules apply as follows:

- First-time buyers benefit from SDLT relief on first £425,000 for properties up to £625,000 when purchasing their main residence. On purchases up to £425,000, no SDLT is payable. On purchases between £425,001 and £625,000, a flat rate of 5% is charged on the balance above £425,000.
- Additional SDLT of 3% may apply to the purchase of additional residential properties purchased for £40,000 or greater.
- SDLT may be charged at 15% on interests in residential dwellings costing more than £500,000 purchased by certain corporate bodies or non-natural persons.
- SDLT is payable in England and Northern Ireland only. Land Transaction Tax(LTT) is payable in Wales and Land and Buildings Transaction Tax (LBTT) is payable in Scotland. The rates for LTT and LBTT are different to the rates shown above.
