

Securities advice and dealing

Purpose

At the end of this unit, candidates should be able to demonstrate an understanding of:

- the features and risks of different securities;
- the structure and features of the securities market;
- relevant factors and considerations for appropriate investment recommendations.

Summary of learning outcomes	Number of questions in the examination*
1. Analyse the characteristics, features, behaviours and risks of securities and equities in the context of the market for these products	39
2. Understand the structure, features, and regulatory and trading environment of the securities market	9
3. Apply dealing principles and practice relevant to client investment activity	3
4. Understand clearing, settlement and custody principles and practice relevant to client investment activity	4
5. Assess the factors that influence market behaviour relevant to investment advice	5
6. Apply the relevant factors and considerations to decide and implement appropriate investment recommendations	15 case study related questions

* The test specification has an in-built element of flexibility. It is designed to be used as a guide for study and is not a statement of actual number of questions that will appear in every exam. However, the number of questions testing each learning outcome will generally be within the range plus or minus 2 of the number indicated.

Important notes

- Method of assessment: 60 multiple choice questions (MCQs) and 3 case studies, each comprising 5 MCQs. 2 hours are allowed for this examination.
