CII FIS CPD Webinar

## Understanding the CECR Policy - To get the best coverage for operational civil engineering risks

26 May 2022 | 9:30am - 12:30pm & 2:30pm - 5:30pm (6 CPD hours)

### CPD Webinar under Financial Incentive Scheme for Professional Training (FIS)

#### COURSE FEE

HKD 200 per 6-hour course

#### SPEAKER

Pooba Mahalingam

#### COURSE OUTLINE

- The need for insurance for certain completed engineering / projects risks.
- Why CECR cover is applicable and not fire or IAR policy.
- Discussion on the specific perils that will trigger coverage.
- Investigation and assessment of this policy wordings.
- The claims are dealt with interesting case studies.

#### LEARNING OUTCOME

By the end of the programme, participants will be able to:

- Appreciate the coverage afforded by the CECR policy.
- Highlight the importance of arranging such policy for such completed engineering risks.
- Learn the specific peril(s) that are considered here.
- Formulate best practice when undertaking CECR risk and related issues.
- Understand the claims handling aspects for this class of insurance.
